Empowering a
New Generation
of Americans

United States “Mother of Exiles”

Century by century, immigrants have journeyed in steerage class, across great oceans, **in the hopes of building better lives in America** for themselves and their families. **Arriving with little more than the clothes on their backs with no** understanding of the life that awaits them on America’s shores – **they come with hopes and dreams.**

The new immigrant moves in with relatives or friends and pursues skills to **conquer the language, understand the culture, establish economic stability** and then send for the family who lays in wait.

Describing the United States as a nation of immigrants is more than cliché.

American Dream

of Americans

About Hispanic Unity of Florida (HUF)

South Florida's Unique Story

South Florida's geographic location has made it a popular destination for Caribbean and Latin American immigrants, as well as others from throughout the world. Though countries of origin and points of entry differ from the "classic" immigrant tale, their issues and needs remain the same.

An Institution is Born

Hispanic Unity was founded in 1982 by community leaders to ease the acculturation transition for newcomers from other nations.

**HUF has served as the "Ellis Island"
for new immigrants arriving in South Florida.**

of Americans

Benefits of Partnering with HUF

- Public Relations value of being an invested partner with a well-respected community organization
- ROI on your marketing investment through media exposure and face-to-face consumer marketing access
- Increased loyalty from your employees and customers for supporting a social cause/important community program
- Socially-conscious consumers are willing to pay extra for products and services from companies that have implemented programs to give back to society.
(Source: Nielsen Global Survey of Corporate Citizenship, Q3 2011)

70% of corporate executives expect an **enhanced reputation** for the company, brand, or both from social spending

43% of Americans want companies to support **local quality of life issues**

44% of corporate executives expect to **bolster employee skills** from social spending

43% of socially conscious consumers think companies should promote **racial, ethnic and cultural inclusiveness**
